Several weeks ago I sent you summaries of our new ETS book "Other People's Tobacco Smoke" which will be available in February. It makes sense to have bulk copies sent directly from the publisher. Please let me know by next Friday, 1 February, how many you want. I will have additional copies from which you can draw as will Helmut. The individual chapter reprints will be available in late February.

The publisher can send review copies to relevant journals and newspapers. Again, I will need a list by next Friday or early the following week.

Because of current litigation considerations, copies should not be disseminated at this time in the following markets: Australia, Holland, Norway, Finland, Sweden and Denmark.
